

State of Nevada
Do-Not-Resuscitate Identification
Application – Adult

Patient Information (Please Print or Type)

Name: _____
Last First Middle

Address: _____ Phone #: _____
Street City State Zip

Birthdate: _____ Gender: ☐ Male ☐ Female

A. Patient's Statement

I, the above named patient, am capable of making an informed decision and **do not wish to receive life-resuscitating treatment in the event of a cardiac or respiratory arrest.** Therefore, I **direct Emergency Medical Services personnel to withhold life-resuscitating treatment.** I verify that I have informed each member of my immediate family whose whereabouts are known to me, and/or my legal guardian or caretaker of my decision to apply for a Do-Not-Resuscitate Identification.

Patient's Signature: _____ Date: _____

B. Agent's Statement

I am the above named patient's agent (with durable power of attorney for healthcare decisions pursuant to NRS 449.800 to 449.860, inclusive). The patient does not wish to receive life-resuscitating treatment in the event of a cardiac or respiratory arrest. I **direct Emergency Medical Services personnel to withhold life-resuscitating treatment in the event of a cardiac or respiratory arrest.**

Agent's Name (Print): _____

Agent's Address: _____ Phone #: _____
Street City State Zip

Agent's Signature: _____ Date: _____

Attending Physician's Statement

As required by Nevada Revised Statutes (NRS) 450B.520(2), I certify that I am the above patient's attending physician/physician who has primary responsibility for the treatment and care of the patient and that the patient suffers from a terminal condition. The patient is capable of making an informed decision or, when he/she was capable of making an informed decision, he/she executed a written directive that life-resuscitating treatment be withheld under certain circumstances, or a durable power of attorney for health care decisions pursuant to NRS 449.800 to 449.860, inclusive, or he/she was issued a Do-Not-Resuscitate order pursuant to NRS 450B.510.

Attending Physician's Name (Print): _____ Phone #: _____

Agent's Physician's Signature: _____ NV License #: _____

Office use only:

Received: _____ Issued: _____ By: _____ DNR ID # _____

Applicant Instructions

1. Provide the information required in the '**Patient Information**' section of the application.
2. Sign and date the '**Patient's Statement**' or '**Agent's Statement**' section of the application.
3. Have your attending physician complete and sign the '**Attending Physician's Statement**' section of the application.
4. Include a check or money order in the amount of \$5, payable to the Nevada State Health Division, with the completed application
5. Mail the completed application to:

Emergency Medical Services
4150 Technology Way, Suite 200
Carson City, NV 89706

Attending Physician's Instructions

1. Provide your name, phone number and NV license number; and
2. Sign the '**Attending Physician's Statement**' where indicated.

The 1997 Legislature enacted Assembly Bill 29, allowing "qualified patients" to apply for a Do-Not-Resuscitate Identification. AB 29 subsequently was codified as Nevada Revised Statute NRS 450B.400 to 450B.590, inclusive. DNR Identification instructs pre-hospital emergency medical services personnel to withhold life-resuscitating treatment in the event of cardiac or respiratory arrest. EMS personnel will provide appropriate emergency medical and supportive care to patients with DNR Identification if the patient is not experiencing cardiac or respiratory arrest.

A "qualified patient" is a patient who has executed a declaration, in accordance with NRS 450B.470, governing the withholding or withdrawal of life-sustaining treatment and who has been determined by his attending physician to be a terminal condition.

Do-Not-Resuscitate Identification will be a card and document issued by the Nevada State Health Division signifying the person is a qualified patient who wishes not to be resuscitated in the event of cardiac or respiratory arrest. NRS 450B.410.

Life-resuscitating treatment means cardiopulmonary resuscitation (CPR) or any of its components including chest compressions, defibrillation, cardioversion, assisted ventilation, airway intubation and administration of cardiopulmonary medications.

Patients applying for Do-Not-Resuscitate Identification should fully discuss their decision with their family members or caretakers. Family members or caretakers are generally the ones who call EMS when the patient needs medical assistance. Being aware and supportive of the patient's wishes in this area allows them to appropriately advise EMS personnel responding to care for the patient.
